

SELENA clock / timer
(ANY MODEL)

All SELENA clocks include UP and DOWN timers that may be used in four possible modes of operation:

1. STANDARD mode using the IR Remote Control (included), range up to appx. 30 ft (10 m).
2. OPTIONAL (# 738RC) mode using the wired Remote Control
3. OPTIONAL (# 738) remote wired mode using KERA external Start / Stop / Reset push-buttons box
4. OPTIONAL (# 738) remote wired mode using the customer external Start / Stop / Reset switches

NOTE: For wired control, the cable length may be up to 500 ft. (150 m).
